Experience Principles and
Processes**

Understanding User Needs

**Evaluating Designs with
Users**

**UX Design: From Concept to
Prototype**

**UX Research at Scale:
Surveys, Analytics, Online
Testing**

**UX (User Experience)
Capstone**

Nov 6, 2023

Chu Long

has successfully completed the online, non-credit Specialization

User Experience Research and Design

Integrate UX Research and UX Design to create great products through understanding user needs, rapidly generating prototypes, and evaluating design concepts. Learners will gain hands-on experience with taking a product from initial concept, through user research, ideation and refinement, formal analysis, prototyping, and user testing, applying perspectives and methods to ensure a great user experience at every step.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

Clifford Lampe
Professor, School of
Information
